

# WELCOME HOME

This is your **place**. This is your **community**. This is your **family**.

~~~~~

We are motivated by our goal that every belly and every life are **fed**.

That's our **passion**.

**Food** and **faith** are our tools. We believe in **fresh ingredients**, **kindness** and **hope**.

Our servers don't work here because they want a paycheck but because they want to **serve**.

Your **friend** might serve you today, and you can serve your friend tomorrow.

We have big plans to make **hunger** a thing of the past, in our neighborhoods and in our **world**.

We only ask that you pay from your **heart**, whatever that means for **you**.

~~~~~

So, come in and make yourself **comfortable**. We hope you're **hungry**.
